VMware Workstation Pro: Now Available Free for Personal Use

Michael Roy

May 13, 2024

1. Cliquer sur **VMware Workstation Pro Download** pour commencer la procédure de téléchargement.

Pro Apps are now Free for Personal Use and Licensed for Commercial Use

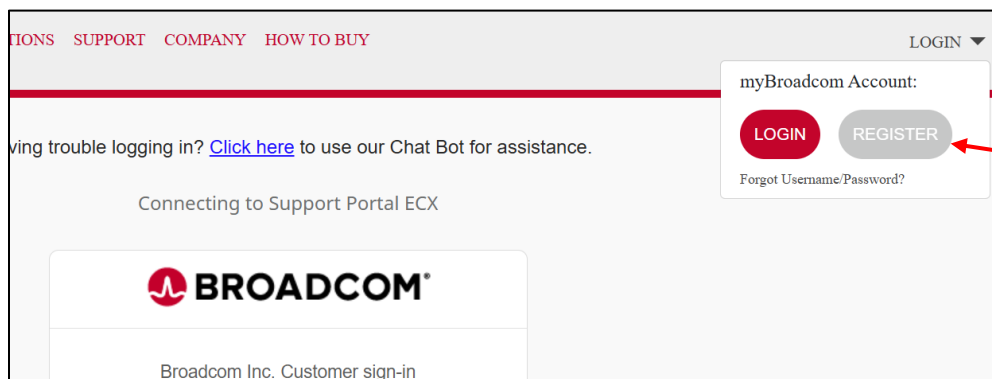

The most exciting part is that Fusion Pro and Workstation Pro will now have two license models. We now provide a Free Personal Use or a Paid Commercial Use subscription for our Pro apps. Users will decide based on their use case whether a commercial subscription is required.

This means that everyday users who want a virtual lab on their Mac, Windows or Linux computer can do so *for free* simply by registering and downloading the bits from the new download portal located at support.broadcom.com
